

## Numbers & Patterns

We talked a little about numerology in the beginning of this tarot circle but I thought we should delve a little deeper into it and how we can use numerology in finding connections within our readings. Humans love patterns and one aspect of using tarot is to start seeing patterns emerge so we can make any necessary changes. Numbers are the building blocks in so many different things and this rings true with tarot as well.

- 0 – Possibility
- 1 – Origin
- 2 – Duality / Choices
- 3 – Creation / Community
- 4 – Stability
- 5 – Challenge / Change (Time to take action)
- 6 – Harmony
- 7 – Mystery / Introspection (Don't take action)
- 8 – Equilibrium / Fulfillment
- 9 – Manifestation (Don't give up)

## SAGE WIND TAROT CIRCLE ... APRIL 2022

### Numerical Patterns:

When you are interpreting your cards in a spread, look for repeating numbers and this will help you in learning more about the issue or situation. Ex- if you see a lot of aces, it shows there are lots of new ideas or opportunities. Lots of tens suggest an ending or things are starting to wind down.

- 1's – Beginnings and fresh ideas
- 2's – Multiple choices to be made before you proceed
- 3's – Creativity and cooperation are required
- 4's – Stability supports you
- 5's – Multitudes of challenges / conflicts
- 6's – Gifts and generous feelings
- 7's – Luck and synchronicity
- 8's – Ease, flow, and results
- 9's – Getting what you asked for
- 10's – The situation reaches its conclusion

### Linear Progressions:

Looking at the linear progression of numbers you can see timelines forming (ace – ten). If you look at the card numbers and their suit's meanings we can pull out hints.

- Pentacles – Money, objects, people
- Cups – Emotions, dreams love
- Wands – Passion, energy, career
- Swords – Thoughts, stories, ideas

- Ex) Ace of Pentacles – 1 (beginning) + Pentacles (money) = the beginning of money  
Five of Cups – 5 (challenge) + Cups (love) = challenges in love  
Ten of Swords – 10 (end) + Swords (thoughts) = the end of mental agony

Let's try:

- Ace of Wands:
- Five of Swords:
- Ten of Cups:
